WHO WE ARE

Peoria Firefighters Charities was birthed out of a tragedy that struck our fire department. We had lost a fellow firefighter to a tragic brain tumor, which left his wife and daughter behind. We saw the need to help support his family. Our department family came together to help. Once they were able to support themselves, and no longer needed our assistance, we decided to create a non-profit organization that allows us to lend a hand to more people in our community in need. That's how PFFC began.

OUR MISSION

Making an impact on our community isn't easy, and we can't do it alone. Every year since we founded Peoria Firefighter Charities, we are so fortunate to have such amazing people, businesses, and organizations support us as we support our community. Each year, we reach out to new people, businesses and organizations, to give them the opportunity to be part of our charity and passion for our city and community.

WHAT WE DO

We support the community in any way we can. These are just a few of the areas we are able to give back and provide support.
